

**A future *by* local government**

**LOCALISM  
IMAGINES A  
BETTER FUTURE**

for local government  
and our communities.

# ***Power and funding devolves***

from central government to  
communities through local  
government.

# ***THERE'S NO MORE UNFUNDED MANDATE.***

Funding and financing disparities are resolved, with councils having the right level of resourcing to deliver for their communities.

***Councils are much more attractive places to work with visionary local government leaders enhancing their communities' mana.***

# **More people stand and vote.**

because they believe in the difference local government makes. Councils are true Te Tiriti partners, working with iwi, hapū and rūnanga to invest in intergenerational wellbeing for all.

***Councils create vibrant and resilient places that reflect and serve their communities – and central government trusts and enables local government to deliver.***

**EVERYONE  
IS PROUD OF  
OUR LOCAL  
DEMOCRACY.**
